Working conditions of employees in call centres

- 837. SHRI PRASANTA CHATTERJEE: Will the Minister of LABOUR AND EMPLOYMENT be pleased to state:
- (a) whether Government propose to conduct a detailed study on the working conditions of employees engaged in call centres; and
 - (b) if not, the reasons therefor?

THE MINISTER OF STATE OF THE MINISTRY OF LABOUR AND EMPLOYMENT (SHRI OSCAR FERNANDES): (a) and (b) V.V. Giri National Labour Institute, an autonomous society under the Minister of Labour and Employment is mandated to carry out research and training on labour related issues. Its faculty enjoys considerable academic freedom in selecting the theme and the subject matter of research projects. As per this practice a micro-level study relating to labour in Business Process Outsourcing was conducted by one of the Associate Fellows of the Institute. The study was conducted during 2003. The report of the study was based on the findings of the field survey conducted among 277 customer care agents from six call centers in Noida, Uttar Pradesh. That way the study was based entirely on the responses of call centre agents in a limited geographical cluster.

The study evaluates the perceptions of work experience of the call centre agents to throw light on the potentialities and possible problem areas of human relations in order to strengthen the sustainability of the industry in the longer term. It does not represent the view of all the actors in the industry and does not purport to represent the entire BPO sector in the country. Moreover, the views expressed in the report are of the concerned researcher and not of the institute or of the Ministry of Labour & Employment.
